july 25. No. 2, Swinburne's Block.

DRAWING—ARCHITECTURAL and MECHANICAL.—As this is the season for young tradesmen and others to apply themselves to the attainment of the greatest and to the eminence in their various pursuits, viz:—a thorough knowledge of Geometrical Drawing.

We would call their attention to "Mackie's Text Book of Self-instruction," being a complete manual of Mechanical Drawing, including Geometrical Drawing and Perspective, illustrated with 56 steel plates, and explained in a familiar manner, rendering the attainment of the art easy and agreeable.

From the New York Scientific American.

"It is the best work on Drawing that we have ever seen; no young Mechanic, whether a Machinist, Engineer, Cabinet Maker, Millwright or Carpenter, should be without it."

From the Baltimore Western Continental.

"He, who having thoroughly mastered this book, cannot make any of the ordinary drawings of this kind, may well despair of ever being able to accomplish such a result.

From the National Intelligencer.

"Indeed, one who patiently and carefully goes through it could not be said, so far as principles and methods are concerned, any longer to want a master."

From the American Railroad Journal.

"It is commended to those best qualified to judge of its merits, as being the most thorough and complete work of the kind ever published in this country."

"It has received universal commendation from the press, and we believe that it merits all that has been said in its praise. Price $2,00.

PARTICULAR NOTICE.

We will forward a copy of the above work free of expense, to any part of the Union, on receipt of the price thereof, which may be sent in at the risk of us.

W. M. & Co. have also published an abridged edition of the above work for the use of Schools, containing all the principles that are contained in the large work. Illustrated with 38 steel plates.—Price $1,25. Publishers should order by

WM. MINIFIE & CO.
111 Baltimore st., Baltimore.

GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificates:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Building Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have not the symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

Principal office, 122 Fulton-st., N. Y., up stairs.

Price, 50 cents per bottle, or 6 bottles for $2,50.

TO OLD COUNTRYMEN.
HARNDEN & CO'S

☞ Passage arrangements for 1849.—Reduced Rates of Passage from Liverpool to Boston, by their Regular Line of Packets sailing from Liverpool on the 1st, 7th, 13th 20th, and 25th of each month. Also, from Liverpool to New York, by the regular line of Packet Ships sailing from Liverpool on the 1st 6th 11th, 16th, 21st and 26th of each month. The splendid Ships composing this Line have been built expressly for this trade are commanded by men of long experience, their accommodations are commodious, and they are in all respects desirable conveyances for Passengers. Persons wishing to send for their friends in Ireland, England Scotland, Wales, can do so through the subscribers. Particular attention will be paid to the accommodation and good treatment of passengers.

The advantages offered by this Line over all others are the following, viz: That the ships selected by Harnden & Co. for the conveyance of their passengers, cannot be surpassed by any out of the United States; on this point no better evidence can be offered than the fact, of the hundreds of ships despatched by them, not one has ever been lost! Passengers will be brought by this Line at very low rates. Parties holding Harnden & Co's Passage Certificates will not be confined to one ship a month in Liverpool, but have the privilege of embarking in any of the vessels sailing every week.

☞ Harnden & Co. have Agents in all the principal seaport towns of Ireland, who take charge of their passengers, and protect them from the frauds practised upon the inexperienced.

Harnden & Co., wishing to conduct their business upon principles of fairness and equity, to prevent fraud and deception, have but one price for passage, which in all cases includes Hospital fees and provisions, according to law. Prepaid passengers always have the preference over passengers saying in Liverpool. ☞ Those applying by letter or otherwise for Certificates of Passage, should in all cases furnish the names and ages of the persons sent for, with their address in full, containing the name of the town and, nearest post town, and county, together with the address of the person to whom one a letter is usually sent, to enable Messrs. Harnden & Co., of Liverpool, to notify them of the proper time to leave home, and furnish other necessary information. ☞ Those enquiring for prepaid passengers should giv the number and date of their passage receipt.

☞ No other Passenger House, either in this City or Liverpool, is authorized to advertise, or sell Certificates for this Line.

REMITTANCES.—For the convenience of persons wishing to remit money to their friends, we keep constantly for sale, Drafts at Sight, which are cashed at any Bank in England, Ireland, or Scotland. Duplicate checks are always furnished, to secure the purchaser against loss.

For further information, apply (if by letter, post paid,) to HARNDEN & CO
No. 11 Broad st., or No. 8 Chart st., Boston, Or to R. B. KINSLEY, Newport Road. Office in Liverpool at No. 66 Waterloo
july 3d.

FLUIDEXTRACT OF VALERIAN.

This medicine is a simple Concentration of one of the best Remedial Agents known for Nervous Irritation, Sleeplessness, Headache &c., as approved by the ablest dispensatory of the day. The distinguished Surgeon and Physician, Augustus K. Gardner, M. D., of New York, thus writes:—

Messrs E. Brinley & Co.

Dear Sir:—The vial of Valerian which you so kindly forwarded me for trial, came very opportunely, and I administered it the next day in a case of Hysteria, and afterwards in high Nervous Exaltation. In both cases it had the excellent effect attributed to this drug, but which in the usual form it is administered is rarely seen uncombined with nausea or some other unpleasant results.—In the opinion expressed by Prof. Phelps, of Dartmouth College, I entirely concur; and I trust you will early and generally introduce it into New York, that we may have an opportunity of using it in those cases where it must be so desirable.

Very truly, your obedient servant,
AUGUSTUS K. GARDNER, M

Jan. 31.

The Hon. George W. Nesmith thus write to the wonderful efficacy of that invaluable medicine,

Dr. Corbett's Highly Concentrated
SHAKER SYRUP OR SARSAPARILLA.

Certificate of Mary M. Nesmith, wife of the Hon. George W. Nesmith, President of the Northern Railroad.

This may certify, I was afflicted with the Salt Rheum for more than 15 years prior to 1847. I tried different remedies without permanent relief.

In the spring of the year 1847, I was induced to test the efficacy of Dr. Corbett's 'Compound Syrup of Sarsaparilla.' During the space of three months I used about a quart of this medicine. I find myself fully relieved from said disease, and can therefore cheerfully recommend others, who may be afflicted in a like manner, to try this cheap and valuable medicine.

MARY M. NESMITH.

Franklin, N. H., March 17, 1848.

Messrs. E. Brinley & Co.—My wife had some reluctance to having her name appear in print, but knowing that she had experienced great benefits from this Compound, she yielded all modest objections to a sense of duty, that the public may know where they can find a good and safe medicine, that will heal many of our diseases. I watched the operation of this medicine upon my wife with much solicitude, but without any belief that it would produce the desired effect. I am, however, now ready to say that I have great confidence in the cleansing and healing qualities of this syrup, and can safely attest to its value, and would cheerfully recommend it to the patronage of the public.

Truly yours,
GEORGE W. NESMITH.

Franklin, N. H., March 17, 1848.

For sale by EDWARD BRINLEY & Co, Wholesale Druggists, Boston—and their appointed Agents in the United States and Canada.

☞ R. R. HAZARD, Agent for Newport
Nov. 12.

CONSUMPTION PREVENTED!

That consumption, when once firmly fixed and seated, can be cured, we much doubt—but that it can be prevented, if the proper remedies are applied in season, we firmly believe. A slight cold, a gentle cough, a general derangement of the nervous system, which renders the individual sick or well—these are the symptoms which herald the approach of the fell destroyer. If these be attended to in season all may be well—but neglect them, and they will be sure to gain the mastery, and what was at first only troublesome and annoying, at last becomes alarming, and often fatal.

For incipient consumption, we know of no better remedy than WISTAR'S BALSAM OF WILD CHERRY. It is soothing and healing in its nature, and is admirably adapted to allay and dissipate that annoying and distressing irritation which so much prevails at this season of the year, caused by colds, coughs, and chills, brought on by frequent and sudden changes in the weather. We know of several severe cases which have been radically cured by the use of this Balsam. Some two years since a friend of ours was suffering under what was thought to be confirmed consumption—a severe cough, loss of appetite, night sweats, &c. By the use of the Balsam, he dispelled these alarming accompaniments, and is now in the enjoyment of comparative good health.—[New England Washingtonian, Boston, November, 1847.

Those in want of this excellent article, can be supplied with the genuine, with the signature of I. BUTTS on the wrapper, at the Agents.

R. J. TAYLOR, Agent for Newport.

☞ VALUABLE TESTIMONY FROM THE SOUTH. ☞ We like, at all times to give credit when credit is due, and if at the same time we can relieve the distressed, we are doubly gratified—we, therefore give the following voluntary testimony as to the beneficial effects of Wistar's Balsam of Wild Cherry, by the editor of the Columbia South Carolinian, who appears to have obtained great relief by its use.—Old Dominion, Portsmouth, Virginia.

Dr. Wistar's Balsam of Wild Cherry. We seldom resort to patent medicines, having a great respect for the skill of the regular profession, but chance threw into our way the above named medicine, immediately after the close of the last session of the Legislature, when our lungs were almost dried up by the highly rarified atmosphere of public overheated State House. The Balsam immediately relieved us of a most harrassing cough, which threatened our health in a serious degree. We feel that we are indebted we for some fifteen pounds of animal flesh which addition once felt, cannot be spatten.

None genuine unless signed I. BUTTS on the wrapper.

R. J. TAYLOR, Agent for Newport.

Dr. Corbett's highly Concentrated
SHAKER SYRUP OF SARSAPARILLA

The cures effected by this powerful alterative of the blood are multiplying daily.—Certificates, as to its efficacy, are rendered voluntarily, to an almost unlimited extent.—But on these alone the Proprietors ask not the public to rely. The words of Science unquestionably must bring more conviction to the doubting, than even the accredited statements of hundreds rescued from the grave.

The distinguished Chemist, Augustus A. Hayes, M. D., who has chemically tested this preparation, writes as follows—

Messrs. E. Brinley & Co.—

Gentlemen:—With a bottle of 'Corbett's Compound Concentrated Extract of Sarsaparilla' I received a copy of his Formula for preparing it.

From using the Syrup, the fact of the existence in it of the active substances named, was ascertained, and the general good qualities of the preparation inferred.

The Formula exhibits the union of some of the first of our medicinal roots and plants, with substances of the highest repute as remedial agents, and does not include any METALLIC COMPOUND. For the cure in which the medicinal qualities of Sarsaparilla are so great, this preparation should have a preference in consequence of the care and skill exerted in compounding it.

Respectfully, AUG. A. HAYES, M.D.,
State Assayer of Mass.

Made by the

E. & E. BRINLEY & CO.,

TRANSATLANTIC PACKAGE EXPRESS AND GENERAL EUROPEAN AGENCY.—The undersigned give notice that they have completed their arrangements in this country and in Europe for facilitating the TRANSMISSION of MERCHANDIZE of every description, in large or small Parcels, (including sample packages,) between the VARIOUS EXPRESS OFFICES IN THE U. STATES, and all parts of Great Britain, France and other places on the Continent.

One of the members of the house has recently returned from England where he has made a permanent arrangement with the eminent forwarding establishment of Messrs. CHAPLIN & HORNE, who will receive all goods for distribution in Europe, and promptly deliver them at their many agencies. Our connexion with this extensive house gives us facilities not heretofore enjoyed by any other parties.

CHAPLIN & HORNE being also the exclusive Agents in England for the Messageries Nationals of France, we have peculiar advantages for forwarding parcels through to France and other parts of the Continent.

Our houses at London and Liverpool will attend to the collection of accounts, and other business of a confidential nature in any part of the Kingdom, and with the assistance of several legal friends, will give special attention to all documents requiring attestation or other action.

We have authority to draw on the PROVINCIAL BANK OF IRELAND, and all its branches, and are prepared to furnish drafts for the convenience of our customers.

On the reception of goods or parcels in this country, they will be forwarded without delay to their destinations—those out of the city by the earliest Expresses.

Persons at a distance desiring to make shipments to England or the Continent, either by steamers or packet-ships, can leave their goods, or orders, at any of the offices of ADAMS & CO., and GREENE & CO., in the United States, who will receive and promptly forward them to us.

Our friends who may wish to visit Europe, and who desire INTRODUCTIONS in places where they may be strangers, will receive every accommodation from ourselves and our agents.

All who may be disposed to favor us with the shipping of their goods from England to America, will oblige us by directing their correspondents abroad to order such goods to be given in charge of CHAPLIN & HORNE (who have branches in every principal Town in the Kingdom) "care of Edwards, Hale & CO., Liverpool," or "London."

☞ All Parcels from this country should be marked—"TRANS-ATLANTIC PACKAGE EXPRESS," care of EDWARDS, HALE & CO.

OFFICES—IN AMERICA—New York, No. 70 Wall street; Philadelphia, 80 Chestnut street, and all the other places of business of Adams & CO., and Greene & Co., in the United States. IN EUROPE—Liverpool, 2 Columbia building. London, (Chaplin & Horne's) Gresham street,—and all other offices and agencies of CHAPLIN & HORNE, throughout the kingdom and in France.

GEORGE EDWARDS, Philadelphia; JAS. W. HALE, New York; JAS. RIVES, London; HENRY STARK, Liverpool.

LANGLEY & NORMAN'S.

GENERAL ASSEMBLY.

JANUARY SESSION.

Monday Morning.

HOUSE.—Mr. Cranston, of Newport introduced a resolution discharging the Committee on Education from further duties, upon a resolution relative to the standing rules of the House; read and passed.

Mr. Cranston introduced a resolution which limits each member to a discussion of five minutes upon any matter now pending before the Assembly, and to ten minutes upon any new matter hereafter introduced; read and laid upon the table by consent.

Mr. Cranston also introduced the following resolution:

Resolved, That the members on the part of this House of the Joint Committee appointed upon the 25th ult. to take into consideration the report made upon the Registered State Debt, and to report at this session, be directed to use their best exertion to cause a report to be made as soon as may be, by said joint committee; and that the members of said committee appointed by this House, report to the House as early as to-morrow (Tuesday morning, at which time it is probable said committee will make report of their proceedings; read and laid upon the table by consent.

After the transaction of some unimportant business, the House adjourned to Tuesday morning.

Early on Saturday morning the Chief of Police and his aids and men were on the ground of the explosion and before 2 o'clock in the afternoon the excavation was concluded, the whole ground had been gone over, the last doubts given place to certainty, and the search was at an end.

By a singular coincidence, the body of Samuel J. Crissey, the Engineer of the establishment, was the last one found, and the only one taken out on Saturday. Contrary to past expectation, he was less mutilated than almost any other of those killed—he was a little bruised in the face and slightly burned, but the body was clothed as usual, and was recognised instantly. He was found in the little yard, in the rear of the building, which seems to indicate that he feared the danger and stepped out to avoid it; or he might have been blown through the window, by the explosion, though we should suppose, had such been the fact, he would have been more bruised. The engine, of which he had the charge, was very little injured.

The body found in the crank of the engine on Friday evening is supposed to be his brother's. There was an orange in one of the pockets of his clothes which lay beside him, and the head was detached from the body, lying outside the engine.

The body of Harvey King, son of J. C. King, has been recognized in a curious way. It was a headless trunk, burned to a cinder, of which nothing could be made, for even the clothing was gone, except a little portion of a red shirt. It lay for the last four or five days in the yard of the station-house for inspection. None could identify it. At length, however, the washerwoman was found who washed for him, and she identified the piece of red shirt as that she was in the habit of washing, and showed another of his of the same kind, then in her possession.—The particular shade of red, and the texture of the flannel, satisfied her of the identity.

The whole number of bodies found is sixty-seven.—*N. Y. Tribune.*

HON. ABBOTT LAWRENCE.—At the last advices, this gentleman's health was improving though still unable to be removed to his residence.

THE TOMBS.—The total number of commitments to the City Prison in New York, during the year 1849, was 16,042.

HONORABLE AT FISTICUFFS. A despatch to the N. Y. Herald states that a pugilistic encounter took place at the National Hotel, Washington, Friday night, between the Hon. Mr Levin, of Pennsylvania and the Hon. Fitz-Henry Warren, Second Assistant Postmaster General; the former, it seems, called the other a d—d scoundrel, when he went at him in real boxing style. The result was, that Fitz Henry gave his antagonist "*fits.*"

POLITICIANS.—A politician, at the close of his career, once bitterly remarked, that "those politicians who play fairly, become poor, nay, starve—while those who cheat and lie, receive honors, and become rich and powerful."

If you wish to cure a scolding wife, never fail to laugh with all your might, until she ceases—then kiss her.

An editor in Philadelphia has so perplexed himself with the half-century question, that he cannot tell six from half a dozen, and the difference between fifty and a [illegible]

Jealousy is always born with love, but does not always die with it.

WHIG NOMINATIONS.

FOR GOVERNOR,
HENRY B. ANTHONY,
of Providence.

FOR LIEUT. GOVERNOR,
THOMAS WHIPPLE,
of Coventry.

FOR SECRETARY OF STATE,
CHRISTOPHER E. ROBBINS,
of Providence.

FOR ATTORNEY GENERAL,
JOSEPH M. BLAKE,
of Bristol.

FOR GENERAL TREASURER,
STEPHEN CAHOONE,
of Newport.

☞ The Message of Gov. Burnett to the Legislature of California, is rather a peculiar affair. As a State paper it certainly will never be considered as anything more than passable. Gov. Burnett is said to be a sound lawyer, and a man whose views are generally correct; but he certainly never will be distinguished as a statesman, if his first Message is anything of a criterion whereby to judge of his abilities in that capacity. And it is but reasonable to presume that a man who had been elected to the first office in the gift of a State which is destined to be so powerful and important, as California, and to which the eyes of the whole world are now so anxiously turned,—would have taken more than ordinary pains with his first official paper, which he must have known would be carefully read all over the civilized world.—As a literary production it is not above mediocrity.

Gov. Burnett is evidently a timid man, and in his Message he seems to aim at pacification, and manifests a desire to please all parties; and he even tells the Legislature that he does not know whether to advise them to proceed to business, or to wait quietly and see whether Congress will admit California into the Union. He is evidently a time-server, and not the bold, energetic Executive which such a people should have. The circumstances under which the Government in California has been organized, are of no common character and the attitude which she now occupies at the door of the American Congress, and in the eyes of the world is as important as it is novel.

He computes that the expences of the Government for the first year will be half a million of dollars; and recommends a direct taxation as means of creating a revenue to meet these expences,—he also further recommends that any persons neglecting to pay their taxes shall be disabled from bringing a civil suit in the State for the term of one year. This surely is a strange doctrine; he would deprive a man of his rights, and indirectly wrong him out of his property, because he does not pay his tax, even though his neglect might arise from inability. If this is a Democratic measure, then we do not comprehend the meaning of Democracy. But the worst feature in the message is the recommendation to prohibit the entrance of free persons of color into the State; and the reasoning of the Governor is that if persons of color are permitted to settle in California, slaves will be manumitted in the slave States, and contracts made with them by their masters to labor as hirelings for a given number of years, and they will be brought to California in great numbers. He also states that as they are not permitted to exercise the rights of citizens, by the Constitution, their permission to settle there would only be placing them in a situation where they would have no efficient motives for moral or intellectual improvement, but they must remain there, sensible of their degradation, unhappy themselves, enemies to the institutions, and the society whose usages have placed them there, and forever fit teachers in all the schools of ignorance, vice and idleness.

One, would suppose from this language of Gov. Burnett, and the extreme caution he manifests for the moral welfare of his people, that the contaminating blasts of sin had never swept over them, and that therefore it was absolutely necessary to exclude persons of color from the State, in order to keep its moral character free, and its standard of intellectual greatness forever environ.

Now there is probably no given number of people anywhere on the civilized portion of the earth, exhibiting a greater diversity of character, than in California. This is natural. The sudden ingress of men, the great inducements for them to go there, the strife for wealth, and the ambition of each to be distinguished in the State, and to occupy a noted position, all tend to gather there a wonderful conglomeration of character; and then, these circumstances which we have named are very marked inducements to lead men from an honorable path, and to develope all that is bad in the heart of man, in the great rivalry for precedence. In such a state of things it is absolutely folly for the Governor to fear the effect of permitting persons of color from settling there, lest their moral influence should be bad. The Constitution prohibits Slavery, and, of course, it can never exist; and the proportion of colored persons must be very small, at all events, for many years to come, in consequence of the expensiveness of reaching there from almost every portion of the world.

But beyond all this, in a higher moral point of view, there is an odiousness about this portion of the Message which no honest man can pass over in silence. It is enough that the Californians have degraded persons of color from the elective franchise. What right, we ask, have they to erect barriers against their emigration there? Is such a step compatable with the doctrines of Republicanism? Is it consonant with the spirit of Liberty, and does it argue anything in behalf of the exalted characters of California as one of the confederated States of this glorious Union of Freedom! This class of persons have a different color from ourselves, it is true; and, as a general thing, their intellectual powers are inferior to those of the whites; but this may not be natural; they have always been kept down, and deprived of the advantages even of the commonest education; and it is but recently that any one had the moral courage to arise in their behalf, and advocate their claims to the benefit of the Free Schools.—Our Public Schools were crowded with the children of foreigners, and yet the children of colored persons, whose ancestors, generations back, had lived and died in our midst, were deprived of these advantages and turned adrift in ignorance,—merely because they were of another color. Their complexion is different from ours, yet they have souls, and they are all humanity like ourselves, subject to the same feelings, and alike the children of the same great God. In the case of Frederick Douglas, and others, we son that their mental attributes are not inferior. Mr. Douglas was once a slave, and the education he possesses he has obtained since his libration; as a public speaker he has but few equals in the country. In ability to rivet the attention of a popular audience, he ranks with Rufus Choate and Wendell Phillips,—yet he is what some persons sneeringly term a *negro.* We care not in what shape, or under what colored exterior God has rolled up the talents which he has entrusted to humanity; man is man, the world over, and whether he be fair as a lily or dark as the hues of midnight, he belongs to the great brotherhood, and his rights are sacred and invaluable.

We are glad to find that the California papers denounce this clause of the Message which we have just been commenting upon, and we trust that the Legislature will have too much good sense to act in accordance with the recommendation. The Alta California says,—

"Can it be urged, for one single moment, that the free blacks, coming as they do, and as they will come in limited numbers, are worse than the herd of Sonorans, Chilanos, and the miserable, degraded, lazy, and imbecile Indians, the degenerate children of the red men? We are flooded with this vile class, and yet not a word if said—it is all "Hail, fellow, well met," with them; but when a free negro comes along, infinitely superior, a hue and cry is raised, as if we were hunting down a wolf. And what shall we say of our beautiful convict emigration from South Wales?—Oh, nothing! That is all perfectly right! Sydney can pour as many of the outcasts of Great Britain as she likes into the country, and we smilingly bid them welcome to our shores. It is a well ascertained fact, that very many desperate characters have arrived and are on their way, from New South Wales; and although a portion of the emigration may be a very worthy class, yet its general character is bad. But this evil is nothing in comparison with that of admitting a handful of blacks. Out upon such a persecution and proscription. If we are to guard our innocent community from contamination, let us make a general thing of it, and not come down with such virtuous indignation on an insignificant and harmless class."

Notwithstanding Gov. Burnett's deep solicitude for the welfare of the moral and intellectual welfare of his people, as it would seem from his desire to prohibit the emigration there of free persons of color, he does not even mention the subject of Education in his Message, and says not a word about the great importance of training the youthful mind, which, above all things, among such a people, should be a matter of the first and deepest moment.

☞ Captains John Hammond, George W. Barney, Wheeler Carr, John Goddard and B. Dayton left here Monday night for San Francisco. They are energetic, enterprising men, and will undoubtedly do well in the Western Eldorado. We wish them all possible success.

FURNISHING GOODS.—Gentleman going to Boston will find a splendid assortment of Fashionable Furnishing Goods at Oak Hall. The prices are great inducements to buy there.

Anderson, who was caught in the act of breaking the telegraph wires at St. John, has been discharged from arrest by Court, there being no law in the province making felony of such an act. Speculators now have the whole field to themselves.

[illegible] apart, there have been in France 104 seizures of the newspaper press.

THE CONFESSIONAL.—It is a wonderful reflection that the Catholic Church has existed many centuries; and millions of people have confessed their sins and most secret thoughts to the clergy, and that clergy have been persons from every rank and station in life; but where do we hear of their divulging the secrets of the confessional? Let those who prate so much about "old institutions" learn of them and be better than they are. They will not then blab everything that they hear, and publish the private letters of other men to gratify party spite, and find a sale for their newspapers.

MARRIED.

In this town, on the 10th, by the Rev. Mr. Adlam, Mr. Jeremiah Brown and Miss. Rebecca Frances, eldest daughter of Captain Henry Barker, all of this town.

At North Kingston, on the 4th, by the Rev. Mr. Tillinghast, Mr. Stephen Northup, of North Kingston, and Mrs. Eliza A. Willis, of this town.

THE LATEST NOVELTY!
AND
VALENTINES!!!

THE extraordinary facilities enjoyed by the Subscriber have induced him to procure the largest assortment of Valentines, of the most chaste and elaborate designs ever before offered in this community. The entire collection comprises many varieties gathered from the *Ateliers* and *Studios* of eminent artists, both American and European, which for beauty and exquisite finish are equalled only by their cheapness. In connection with the above is a great variety of Envelops, Seals, Mottos and the highly extolled Gold Ink, so particularly desirable at this period, which portrays in characters of shining gold, the sentiments which the season and occasion dictate.

Valentine Writers embracing everything which is rich and rare, from the selections of the best Poets, Envelopes, Pens, Motto's &c., *will be furnished gratis.* Persons desirous of transmitting Valentines by mail, may receive tickets which will insure a safe and speedy conveyance, *free of charge.*

This day opened and for sale at the very lowest prices at. TISDALE'S

DR. CORBET'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

It is a undeniable fact that no medicine ever brought before the public, has proved so beneficial in cases of diseased Blood, Liver Obstruction, Scrofulous Taint, Consumptive Habit, and all cutaneous affections, as that of Dr Corbet's!—The distinguished Prof. Hayes says:—"It ought to have a preference, as the formula exhibits the union of some of the best of our native medicinal roots and plants with substances of the highest reputed remedial agents, and does not include any *Metallic Compound*.

But read what Druggists say, whose well known character give full assurity to its virtues.

"The Compound Concentrated Syrup of Sarsaparilla, made by the United Society of Canterbury, is prepared with great care, and the increasing demand for it is positive proof of its good effects. It is now prescribed by most of the Physicians in Boston and elsewhere, which is the best evidence that they give it a preference over any other preparation of Sarsaparilla offered to the public.

"Since its introduction, its reputation has been constantly increasing, and its popularity extending in every direction, being recommended by most distinguished physicians.

"HE THAT SAVES MONEY MAKES MONEY.

IF any doubts exist as to the truth of the old maxim that "Economy is Wealth," they may be readily dispelled by a trial of the PINE OIL, which is admitted by all to be the cheapest and cleanest of any oil in use, giving more light with less trouble and expense than any article yet discovered.

A large supply of the Genuine kind always on hand and for sale in any quantity; also Patent Fluid, Phosgene, and an endless variety of Lamps, all of which will be sold at the very lowest prices.
HENRY TISDALE,
jan 9. 138 Thames-street.

No 173 Thames-st. corner of Market Square.
oct 2.

The Summer Flowers that fade and fall
Send forth a warning voice to all.

PREPARE!! PREPARE!!!—LIGHT CHEAPER THAN EVER.—Patent Oil and Burning Fluid at reduced prices. The general use and increased demand for these articles has induced the subscriber to put the price down so as it will come within the reach of every Family and Shop Keeper, and as only one trial is sufficient to satisfy every one that it is the handsomest, cheapest and best light. I will furnish any family that wishes a trial, a lamp well filled and fit for burning, at any time free from cost; and in introducing this Oil or Fluid in your families, I dont ask you to go to a great expense of buying new and costly lamps for it is perfectly safe and free to burn in any old lamp with the simple alteration of a tube which is done for the trifling expense of 12 1-2 cents,—thus making the change from a dim, nasty, smoky light to a clear brilliant light without grease, smoke or smell. Also, a large assortment of Lamps for the Parlor, Hall, Chamber, Porch, Compliers, Hitching Posts, Working Chimneys and in fact every article appertaining to the Lamp business, all of which will be sold cheap for cash at
nov 19. RIDER'S, 171 Thames st.

PROFESSOR BARRY'S TRICOPHEROUS or Compound. When Theory and experiment authenticate each other, there can be no mistake. This is the case as regards BARRY'S Tricophorous. The theory of its operation is this: That it is imbibed by the absorbents and injected through the superficial vessels, promoting the growth, beauty and health of the Hair when applied to the scalp, and dissipating inflamation of every kind, (whether caused by disease or accidental,) when applied to the pimpled, blotched, tetterous, punctured, cut, bruised, scalded or in any way irritated skin. It is also assumed that it acts upon the pores, those ventilators and escape pipes of this system, and assists to dispel the innumerous number of elements of disease through these important channels. So much for Theory. Experiment proves that the article is an invaluable remedy for all external hurts and diseases, and that as a preparation for renewing the vegetative power of the hair, giving it a rich metallic lustre, restoring it classic and curly, and removing scurf and dandruff it has no equal either in Europe or America, while in cheapness it certainly stands alone. Sold in large bottles, Price 25 Cents, at the principal office, 137 Broadway, New York.—Also by the principal merchants and druggists in the United States and Canada,

And by R. J. TAYLOR, Newport.
do J. BALCH & SON, Providence.
nov 13.

DR. S. P. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.
ORIGINAL AND GENUINE.

SIXTY DRUGGISTS!

An advertisement appeared in several of the papers, headed "Sixty Druggists." This advertisement is signed by a number of men who keep small retail drug shops in the back streets of this city, and are no Druggists or Physicians. The advertisement was got up by a lot of unprincipled men under the lead of Dr. Thompson, Skillman & Co., who had an old stock of their Sarsaparilla on hand, and wished to put it off upon the public as the genuine and original Dr. Townsend's Sarsaparilla. Skillman & Co. have avowed that it was their intention to take advantage of Dr. S. P. Townsend's extensive advertising which has cost him over $100,000, and the popularity of the name of his medicine, to sell their stuff. The advertisement signed by these shopkeepers, and put in the papers by Thompson, Skillman & Co., would lead people to believe that our Sarsaparilla sells, or, which is false. These men have not, to our knowledge ever purchased any Sarsaparilla of us, and know nothing of its merits, very few of them being able to spare sufficient amount of money to purchase a dozen. The majority of them have applied to us for agency, which we refused. At least one of the concerted lot has been in the

STATE PRISON,

for forging notes or uttering the Counterfeit Bank Bills we know nothing of the character of the others. But if they sell any Sarsaparilla for the original and genuine Dr. Townsend's Sarsaparilla which is not signed by S. P. Townsend, they would commit no fraud.

Swindlers.

Druggists or others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commit a fraud, and swindle their customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

WHOLESALE DRUGGISTS.

Below will be found the cards of three of the first wholesale druggists in the city. These three houses purchased 5000 worth of Dr. S. P. Townsend within the last four years. We have sold it by the bundle down to many others—we keep it through all parts of South America, New Orleans, Havana, &c., and these charge that our Sarsaparilla sours or ferments is as foul as their other libels.

Read the following:

NEW YORK, May 21, 1849.

This is to certify that our house has within the last five years purchased over twenty-five thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla. It is an article that commands an unprecedented sale, and as far as we know, gives universal satisfaction. It does not ferment and break the bottles as has been alleged.

NORTON & HARCOCK,
No. 120 Maiden Lane and 80 Fletcher street.

NEW YORK, May 21, 1849.

To whom it may concern: This is to certify that I have purchased of Dr. S. P. Townsend about ten thousand dollars worth of his Sarsaparilla. It is by far the most popular medicine I ever knew and gives universal satisfaction. I have no difficulty with its fermenting or souring.

THOMAS W. GUMMING,
Wholesale Druggist, 198 Greenwich street.

NEW YORK, May 21, 1849.

This is to certify that we have purchased over ten thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla within the last five years. The trade since it very popular and has become an article of commerce. We find no trouble with its souring or fermenting.

BOYD & PAUL, No. 4 Liberty street.

Dr. S. P. Townsend, wishes the Public to understand that he is no connection of old Jacob Townsend whatever, and never saw him but once that he is aware of, and that was on an occasion of his calling at his house to sell some pamphlets and cheap publications.

CONSUMPTION CURED!
Cleanse and Strengthen.
CONSUMPTION CAN BE CURED.

Bronchitis, Consumption, Liver Complaints, Colds, Coughs, Catarrh, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

In the last stages of Consumption.

The following Testimonials are selected from a large number received. The first was kindly forwarded to me by Dr. Colwell, a respectable physician of extensive practice at Oswego, New York. He writes that the Sarsaparilla has performed many cures, and the better it is known the more it is appreciated. His letter can be seen at the office, if any wish to see it.

EAST OSWEGO, Oct. 11, 1848.

DR. COLWELL:

Dear Sir—This is to certify that I have been sick a number of years with the Consumption as I thought I could not live to be very short time, and by your advice, thinking there was yet a hope left, I commenced taking Dr. S. P. Townsend's Sarsaparilla which soon gave me relief. I grew better fast while taking the Sarsaparilla, and am now able to be about the house and do some work. I owe my recovery, thus far, to the above medicine, and believed that it saved me from the grave. If you choose, you may forward this statement to Dr. S. P. Townsend.

MRS MARGARET ARMSTRONG.

We, the undersigned, are acquainted with Mrs. Armstrong, and know the above to be true.

PARIS JUDY HENRYSON.—ELIZABETH HADLEY.—ELIZABETH BATTENSHUM.—MARY DOAN.

Curious Case of Consumption.

There is scarcely a day passes but that there are a number of Cases of Consumption reported as cured by the use of Dr. S. P. Townsend's Sarsaparilla. The following was recently received:

Dr. S. P. Townsend—Dear Sir: For the last three years I have been afflicted with General Debility and Nervous Consumption of the first stage, and did not expect to regain my health at all. After going through a course of the Faculty under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it. After using two bottles I found it done me great good, and I called to see you at your office. With your advice I kept on, and do most heartily thank you for your advice. I persevered in taking the Sarsaparilla and I am now able to attend to my usual avocation for the last four months—and I hope, by the blessing of God and your Sarsaparilla, to continue my health. It helped me beyond the expectations of all that knew my case.

CHARLES QUIMBY

Oswego, Erie Co., N. Y., Nov. 2, 1847.

State of New Jersey, Essex Co., ss.

Charles Quimby, being duly sworn, according to law, on his oath saith that the foregoing statement is true, according to the best of his knowledge and belief.

CHARLES QUIMBY.

Sworn and subscribed to before me, at Orange, the 24 of August, 1848.

CYRUS BALDWIN, Justice of the Peace.

WONDERFUL CURE.

Her Blood was like water, could not speak, bled at the Lungs, severe pain in the Chest and Pain at the Heart, raising in the Throat. Read the advertisement, and doubt if you can that Consumption is incurable:

NEW YORK, Dec 11, 1847.

DR. S. P. TOWNSEND—Sir: Last New Year's day I received as a present two bottles of your Sarsaparilla; for four years previous to that I was very ill, and had not strength to lend out the Linen. I applied to my friends and could obtain no relief, and at the time I commenced taking your Sarsaparilla I had almost despaired of getting any better. The blood in my veins was like water. I had very much at the lungs, I had severe pains in my chest and heart, and was troubled at times with something rising in my throat, so that it was impossible to speak. I discovered a change for the better in my health on taking one bottle of your Sarsaparilla, and in two weeks was able to be up about half an hour at a time, and I persevered in taking your Sarsaparilla. In four weeks I was able to go about the house, and have ever since been remarkably strong, and I attribute my recovery of my health entirely to your Sarsaparilla. If this statement will be the means of directing others similarly afflicted to your valuable Sarsaparilla, you are welcome to make it known.

Yours respectfully,
EMMA SUSINER, 70 Vandam street.

Dr. S. P. Townsend's Principal Office has been removed from 121 Fulton, to 193 Nassau street, in the building formerly occupied by the South Baptist Church.

DR. CHRISTIE'S
GALVANIC BELT, BRACELET
NECKLACE
AND
MAGNETIC FLUID.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been proponounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medical discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving vigor to the vital organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS, PALSY, DYSPEPSIA or INDIGESTION, TIC DOLOREUX, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DRAMPNESS, NERVOUS THROBS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAIN in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, CURVATURE of the SPINE, BECOMING LAME, DISEASES of the KIDNEYS, DEPENDENCY OF NERVOUS and PHYSICAL ENERGY, ALL NERVOUS DISEASES, which come, indirectly or directly from one source—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, large and Medicines increase the disease, for they weaken the vital energies of the already powerless system, while under the strengthening, invigorating, life giving influence of Galvanism, so widely lauded by this wonderful and wonderful discovery, the most sadly afflicted will be cured and enabled to resume their usual avocations with elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they are not and cannot be injured by any misapplication, [illegible] Nature seeks herself only under the influence.

They strengthen the whole system, equalize the circulation of the blood, promote the healthy and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years, have more than

66,000 Persons

including all ages, classes and conditions among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up as every thing else had failed.

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with pain in the side of [illegible] dangerous sort, so much so as to keep him [illegible] reduced and weak that I frequently thought [illegible] away. For many days I complied with the directions of my physicians. Discontinuing medicine and [illegible] Brandreth's Shaker Syrup of Sarsaparilla, I was induced to make trial of it.

My little boy about five years of age was also very sick of the same disease at the same time. The first few doses I took relieved me speedily. The pains were speedily allayed and the disease was so early checked that I was enabled to attend work in the course of a week. My little boy was also soon cured, and only part of a bottle was taken by both of us. Absent from home some time after, I returned from Montreal, in 1848, with the same disease, which had been increasing on me many days. I resorted again to the Shaker Syrup of Sarsaparilla, and took only a few doses, when again I was early and fully restored to health. I know this Syrup cured me, and I recommend to all who may suffer as I have.

GEORGE L. DANIEL.

Cambridgeport, Mass.

R. R. HAZARD Agent for Newport.

Nov 12.

As the spring returns guard your health by using

Dr. Corbett's Shaker Compound Concentrated

SYRUP OF SARSAPARILLA.

This medicine has proved to be most valuable in the following diseases; Chronic Inflammation, Jaundice, Weakness of the digestive Organs, Dyspepsia or Indigestion and Sourness of the stomach, Rheumatism and Sciatica, Rheum, Functional disorder of the Liver, Chronic Eruptions of the Skin, and all Scrofulous Diseases. Also it is found to be an invaluable remedy for the Erysipelas, and that distressing disorder, the Asthma. It has proved highly beneficial in some cases of Dropsy, Dysentery, Diarrhœa.

It will be found by observation that many of the above disorders, and also that fatal disease Phthisis Pulmonalis, or Consumption, generally originate in a scrofulous state of the system; and to cure such diseases, we must remove the primary cause. It will likewise be found that diseases of the Liver often originate with persons of a scrofulous habit, and are called liver complaints; but it is a well established fact that before such liver complaints can be permanently cured this scrofulous diathesis must be removed.

That this is the effect of this Syrup, hundreds of the most competent judges, who have seen and felt the virtue of its sanative power can bear witness. It is a laxative, diuretic tonic, and greatly alterative, and is prepared from the best and most virtuous alteratives of the vegetable kingdom, without the addition of any mineral substance whatever. It is a perfectly safe medicine, and may be taken at any time without regard to weather or exercise.

EDWARD BRINLEY & Co.,
Sole proprietor, Boston, Mass.

For sale by R. R. HAZARD, Newport.

Aug 23.

HOME TESTIMONY—ALWAYS THE BEST.

Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

John Davis, the sexton of the church of that good man, "FATHER TAYLOR" thus writes as to the benefits he has received through the virtues of the Sarsaparilla:

"The undersigned, Sexton of the Church of the Rev. Father Taylor, of Boston, states the following facts:—I was born at Portugal, and am now 46 years of age. My parents were healthy, and I was not afflicted by any disease until 1845. I was then residing in Boston. At that time my skin became subject to a humor, which was at last so bad as to alarm myself and friends.—Severe Sores and Abscesses developed themselves. Large Scars are now deeply imprinted on my forehead and other parts of my body by their excoriation and induration even into the bone. About twelve months since my afflictions caused increasing. Deep ocated sores of the hottest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my 'daily bread.'

"Failing to secure any benefit from Physicians who prescribed for me, I resorted to the use of various Sarsaparilla Compounds, but with no benefit. The able and distinguished Physician and Surgeon, James Ayer, M.D. Hanover street, Boston who had watched my case, at last advised my using Dr. Corbett's Sarsaparilla.

"I am now happy to state that my general health is fast improving. The Scrofulous development on my head, arms and face are passing away, and not until this moment have I had any hope of a rescue from the grave. To Corbett's Sarsaparilla do I above attribute it is sanatory, as not until I had adopted its use, (and this in minute quantities,) have I for four years found any relief from suffering."

JOHN DAVIS,
Sexton of Rev Edward Taylor's Mariner's Church.

Interesting statement from the Empire State.

SALTAIRVILLE, N. Y., April 25, 1849.

Mr. S. W. Fowle—Dear Sir—A desire to benefit the afflicted, has induced me to make the following statement of facts. My son, now seventeen years of age, has been afflicted, during his whole life, with a constant cough and pain in the chest, accompanied with night sweats and a hectic fever, which produced great emaciation and debility. During this time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief. All our neighbors who saw him regarded him as one who was rapidly approaching an early and premature grave. I was prevailed upon by a friend to use WISTAR'S BALSAM OF WILD CHERRY. He commenced its use, and the FIRST bottle gave him astonishing relief, and after using four bottles, his disease was overcome, and he was restored to sound and permanent health.

Further Evidence

As to the great efficacy of Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

Messrs. E. Bradley & Co.—

Gentlemen,—I was brought quite low in the summer of 1847, with the Dysentery. I sought a physician several times and was dangerously sick, so much so as to be unable to walk alone. I grew worse day and week and reduced and weak that I frequently fainted away. For many days I complied with the directions of my physicians. Discontinuing medicine and hearing of Corbett's Shaker Syrup of Sarsaparilla, I was induced to make trial of it.

My little boy about five years of age was also very sick of the same disease at the same time. The first few doses I took relieved me speedily. The pains were speedily allayed and the disease was so early checked that I was enabled to attend work in the course of a week. My little boy was also soon cured, and only part of a bottle was taken by both of us. Absent from home some time after, I returned from Montreal, in 1848, with the same disease, which had been increasing on me many days. I resorted again to the Shaker Syrup of Sarsaparilla, and took only a few doses, when again I was early and fully restored to health. I know this Syrup cured me, and I recommend to all who may suffer as I have.

GEORGE L. DANIEL.

As the spring returns guard your health by using

Dr. Corbett's Shaker Compound Concentrated

SYRUP OF SARSAPARILLA.

This medicine has proved to be most valuable in the following diseases; Chronic Inflammation, Jaundice, Weakness of the digestive Organs, Dyspepsia or Indigestion and Sourness of the stomach, Rheumatism and Sciatica, Rheum, Functional disorder of the Liver, Chronic Eruptions of the Skin, and all Scrofulous Diseases. Also it is found to be an invaluable remedy for the Erysipelas, and that distressing disorder, the Asthma. It has proved highly beneficial in some cases of Dropsy, Dysentery, Diarrhœa.

It will be found by observation that many of the above disorders, and also that fatal disease Phthisis Pulmonalis, or Consumption, generally originate in a scrofulous state of the system; and to cure such diseases, we must remove the primary cause. It will likewise be found that diseases of the Liver often originate with persons of a scrofulous habit, and are called liver complaints; but it is a well established fact that before such liver complaints can be permanently cured this scrofulous diathesis must be removed.

That this is the effect of this Syrup, hundreds of the most competent judges, who have seen and felt the virtue of its sanative power can bear witness. It is a laxative, diuretic tonic, and greatly alterative, and is prepared from the best and most virtuous alteratives of the vegetable kingdom, without the addition of any mineral substance whatever. It is a perfectly safe medicine, and may be taken at any time without regard to weather or exercise.

HOME TESTIMONY—ALWAYS THE BEST.

Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

John Davis, the sexton of the church of that good man, "FATHER TAYLOR" thus writes as to the benefits he has received through the virtues of the Sarsaparilla:

"The undersigned, Sexton of the Church of the Rev. Father Taylor, of Boston, states the following facts:—I was born at Portugal, and am now 46 years of age. My parents were healthy, and I was not afflicted by any disease until 1845. I was then residing in Boston. At that time my skin became subject to a humor, which was at last so bad as to alarm myself and friends.—Severe Sores and Abscesses developed themselves. Large Scars are now deeply imprinted on my forehead and other parts of my body by their excoriation and induration even into the bone. About twelve months since my afflictions caused increasing. Deep ocated sores of the hottest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my 'daily bread.'

"Failing to secure any benefit from Physicians who prescribed for me, I resorted to the use of various Sarsaparilla Compounds, but with no benefit. The able and distinguished Physician and Surgeon, James Ayer, M.D. Hanover street, Boston who had watched my case, at last advised my using Dr. Corbett's Sarsaparilla.

"I am now happy to state that my general health is fast improving. The Scrofulous development on my head, arms and face are passing away, and not until this moment have I had any hope of a rescue from the grave. To Corbett's Sarsaparilla do I above attribute it is sanatory, as not until I had adopted its use, (and this in minute quantities,) have I for four years found any relief from suffering."

JOHN DAVIS,
Sexton of Rev Edward Taylor's Mariner's Church.

Beware of Imposition.

The greater the value of any discovery, the higher it is held in the esteem of the public, and so much in proportion is that public liable to be imposed upon by the spurious imitations of ignorant, designing, and dishonest men, who, like the drone in the hive, have neither the ability nor inclination to provide for themselves, but thrive and luxuriate upon the earnings of the deserving.—The extraordinary success attending the use of WISTAR'S BALSAM in diseases of the lungs, and the many singular cures it has effected have naturally attracted the attention of many physicians, as well as the whole fraternity of quacks.

Now that this preparation is well known to be a more certain cure for incipient Consumption, Asthma, Lower Complaint, Coughs, Bronchitis, and all similar affections, than any other remedy ever known, they will be, and NOW ARE found those so villianously wicked as to counterfeit, imperious, and perhaps poisonous mixtures, and try to palm it off as the **genuine Balsam.** We raise no false alarm. We advise the public of these schemes, that their health may not be trifled with, nor themselves plundered of our just rights.

The genuine and original

DR WISTAR'S BALSAM of WILD CHERRY, on account of its great popularity, has been extensively counterfeited in Philadelphia and some thousand bottles of the spurious imitation thrown into the market and extensively circulated. This is to caution dealers and the public generally against purchasing any other than that having the writing signature of I. BUTTS, on the wrapper. For sale in Newport by

From the Boston Chronotype.

Consumption is the great curse of our northern latitudes. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serinity, and the eye of its brilliancy. It wasts the form, dims the intellect, and plunges us victims into an early grave. The young and old, the serious and the gay, the city belt and the country lass, are alike its prey and victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Destroyer of the Household." He merits the applause and gratitude of ages. He shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the Pills, of pure White Sugar whereby every thing disagreeable to the taste or smell is entirely removed, without the smallest degree affecting, in other respects, the excellent qualities of the medicine. The want of an innocent & convenient medium of disguising the Pills, so generally felt, is thus supplied, & it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood. Innocent and efficacious free from minerals of every description, and adapted to all the circumstances and conditions of life, they are esteemed beyond all other remedies, as the greatest attainable medicine of the day. The frost covering is an addition intended merely to conceal the taste and smell.—These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTIONS:—The ordinary dose for a grown person is from twelve to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until painful distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

One of the most important discoveries of modern science, for the cure of pulmonary affections, is the BALSAM OF WILD CHERRY and the credit of its discovery is due to the celebrated Dr. Wistar. This valuable compound has restored thousands of sufferers to health. It is expectorant, tonic and demulcent, and is said to be a purely vegetable preparation. Under its magic influence the most obstinate coughs, colds, and bronchial irritations disappear. We have used it and can recommend it, particularly at this season, when the great cause of disease, east winds, are so prevalent.
